**How to Work with the
DAILY GUIDANCE
FROM YOUR ANGELS
ORACLE CARDS**

Your guardian angels are always with you, even when you're unaware of their presence. These angels want to help you with every aspect of your life. However, because you have free will, the angels can only help you if you ask for their assistance. Angels are powerful and loving Divine messengers who are unrestricted by time or space, so they can help you continuously with all things small, medium, and large.

Again, though, you have to ask for the angels' help before they're allowed to give it to you. I have researched and experimented to see if there is any way around this Divine law. For instance, I gave my angels carte blanche to help me with all things throughout the day. That didn't work, because the angels need us to ask specifically for what we need.

Now I've learned to continually talk with my angels just as I would if I were part of a close-knit team.

When you invite the angels to help you with every area of your life, everything becomes happier, healthier, and easier. Instead of struggling to get your needs met, you experience magical synchronicities, healings, and inner peace.

I designed this deck of oracle cards to give you daily reminders of your angels' love and presence. Many people tell me that they forget to ask for their angels' help. These oracle cards provide a wonderful solution. You can choose a card each morning and then keep the card with you throughout the day so you can meditate upon your angelic guidance, and also remind yourself to ask for your angels' help.

How to Use Your Oracle Cards

Oracle cards are an ancient, time-honored way to connect with angels and spirit guides. Angel cards are completely safe, as they only attract the loving celestial energy of the messengers of God. Their work is based on the Law of Attraction: The cards that you draw match the vibration of your question or thought pattern. That's why you'll tend to draw the same card repeatedly.

I love working with oracle cards because they're mistake proof. When we need our angels' guidance the most, it's sometimes more difficult to hear them clearly because our stress blocks us. Since oracle cards are a direct link between you and your angels, they bypass these emotional blocks. And, *anyone* can give an accurate reading for themselves and others!

Here are the steps:

Step 1: Clear Your Card Deck

Your cards are sensitive tools that absorb energy, so they need to be cleared of any vibrations they may hold from the manufacturing process. You only need to repeat Steps 1 and 2 after another person touches the cards, or if your readings seem to lack clarity because they're clogged with too much energy.

To clear your cards, first hold the deck in your nondominant hand (the hand you normally don't write with), as this is the hand that *receives* energy. Form a fist with your other hand (this is the hand that *sends* energy), and knock on the cards once very firmly with your fist. This clears out the old energy so that the cards are now a blank slate and ready to be imbued with your personal vibration.

Step 2: Consecrate the Cards

Fan the cards out with the artwork facing you. Hold the fanned cards to your heart and think about any prayers or intentions with which you'd like to imbue the cards. For instance, you can say silently or aloud:

“I ask that all of my readings with these cards be accurate, specific, and bring blessings to everyone involved. Angels, please help me to stay centered in my higher self so that I may clearly hear, see, feel, and know the Divine messages that you impart through me and these cards. Please give me the confidence to understand, trust, and follow through with your messages.”

Step 3: Ask a Question

Think of a question you'd honestly like the answer to. I say “honestly” because the angels always respond to the issue that's on your mind. Some people are afraid to voice their true questions to the angels, so the answer they receive seems to contradict the question they posed. That's because the answer speaks to the true, underlying question

that you're thinking of. Usually, it's a question related to a deep-seated wish or desire. The angels prefer that you admit these desires to yourself and them so that they can help you manifest that wish or something better.

If you're giving a reading to someone else, ask them to either think of or verbalize their question. The angels hear our thoughts, so we needn't voice our query aloud.

Step 4: Shuffle the Cards

Think of the question as you shuffle the cards, and ask your angels to help you with answers and guidance. If one or more cards "jumps" out of the deck while you're shuffling, place them to one side. They will be part of your card reading.

As you're shuffling, you'll likely notice feelings, thoughts, words, or visions. These represent Divine guidance from your angels, which will help you to further understand the cards you draw. So, notice these impressions as they come to you.

When your cards begin to clump into two distinct sections, it's time to stop shuffling. You may get a feeling, thought, or vision to stop shuffling, which is a signal from your angels. Or you may even hear the angels tell you to stop.

You can't make a mistake and stop shuffling too soon or early, as the angels are overseeing the card reading.

Step 5: Choose a Card

Pull the top card from the deck. This is your message from the angels. As you read the words on the card, notice any thoughts, words, feelings, or visions that come to you, as these are additional messages from your angels that personalize the card's particular meaning for you. The picture also holds meaning for you, so study its details.

The next section of this booklet gives additional meanings for each card. Remember that you can change the outcome of any situation through prayer, visualization, and positive affirmations. The angels can help you alter your future for the better if you'll ask and be open to receiving their help.

Variations on Card Spreads

Three-Card Spread

After performing Steps 3 and 4 above, pick three cards from the top of the deck. Lay the first card to your left, the second card in the middle,

and the third card to the right with the pictures and words lying faceup.

The card to your left speaks about the immediate past with respect to the situation you inquired about. The middle card holds messages about your question's current status and what you need to know or work on right now. The card to the right shows your immediate future if you continue on your present path and follow the guidance in the middle card. Again, remember that you can improve your future by holding a positive outlook and following your Divine guidance.

What Do I Need to Know Today?

This is a wonderful question to ask in the morning. Direct this inquiry to your angels while shuffling, and then spread the cards out on a flat surface with the pictures facing downward. Run your hand along the cards, and choose one that attracts you either visually or by a feeling. This card will give you a helpful theme to remember during the day—you may want to either carry it with you or write the message down on a piece of paper in order to remind you of its message throughout the day.

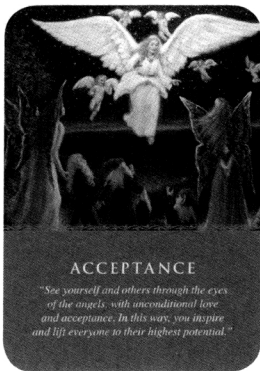

THE MEANINGS OF THE CARDS

This guidebook lists the general meanings of each card in the *Daily Guidance from Your Angels Oracle Cards* deck.

The cards are listed alphabetically, according to the capitalized word above the message on each card. Find the page and read the general meanings of each card. Your angels and intuition will give you additional personalized guidance, so as you read about each card, simultaneously pay attention to your feelings and thoughts.

ACCEPTANCE

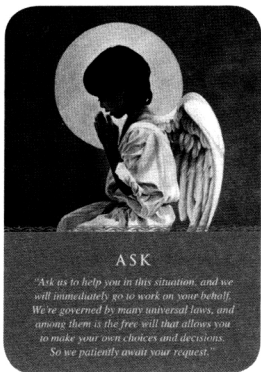

“See yourself and others through the eyes of the angels, with unconditional love and acceptance. In this way, you inspire and lift everyone to their highest potential.”

You received this card to help your relationship with yourself and others. The next time you're tempted to judge yourself or someone else harshly, pray for their health and happiness instead. This

more positive route builds self-esteem and harmony, and heals relationships.

Additional meanings for this card: Notice how much better you feel when you think positively about yourself and others • Don't try to control or change others • Let go of tendencies to force things to happen and you'll receive your desired (or better) outcome more peacefully • When one door closes, another one opens.

ASK

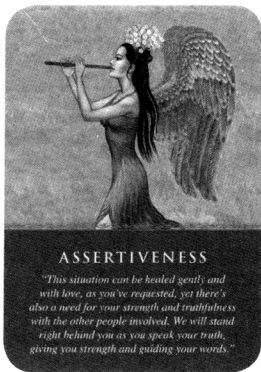

“Ask us to help you in this situation, and we will immediately go to work on your behalf. We’re governed by many universal laws, and among them is the free will that allows you to make your own choices and decisions. So we patiently await your request.”

This card serves as a reminder to ask your angels for help more often. The angels can help with any and all areas of your life, including bringing

you ideas, courage, faith, confidence, and clarity. They can also help with all material needs, such as money, time, health, and vitality.

Additional meanings for this card: Ask for whatever you need • Instead of complaining, ask for help • Ask the people in your life to help you • Delegate • Hire others to assist you • Request help from your angels for everything, no matter how small or large.

ASSERTIVENESS

“This situation can be healed gently and with love, as you’ve requested, yet there’s also a need for your strength and truthfulness with the other people involved. We will stand right behind you as you speak your truth, giving you strength and guiding your words.”

You drew this card because you were asking about a situation where you felt victimized. The angels are saying that the situation can only be

rectified if you clearly communicate your needs and expectations to others. It's possible to be both angelic and assertive if you call upon the angels for courage and guidance whenever you intend to speak your truth. With practice, loving assertiveness becomes easier.

Additional meanings for this card: Face the situation directly • Read a book or take a class on assertiveness training • Replace aggressive or passive-aggressive behavior with assertiveness • Handle conflict with honesty and love • Tell the truth to yourself and others • This situation is an opportunity for personal and spiritual growth.

BE HONEST WITH YOURSELF

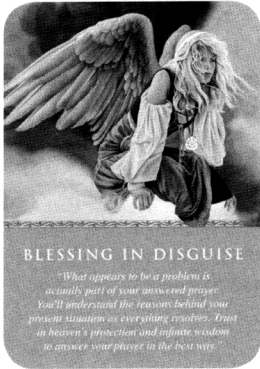

"Look into your heart and you will know the truth of this situation. It's safe to admit the truth to yourself, for we will support and guide you through any necessary changes. Lean upon us for courage and the strength to take good care of yourself. Focus only upon your true desires, and they'll come to you upon angels' wings."

You received this card as a gentle confrontation because the angels know you've been hiding

from your true feelings. You've probably been afraid that if you admitted how you honestly felt, you'd be overwhelmed with feelings and faced with making some necessary changes that you feel unprepared for. Yet, the angels assure you that it's healthiest to face this situation with honesty. They will help you with your emotions, relationships, and any support you need to make positive changes. However, the angels remind you to focus only upon your desires and not upon your fears so that you can attract the former and not the latter.

Additional meanings for this card: The situation will improve when you face it squarely • You deserve better • Trust your own feelings even if others don't agree • Don't give away your power to others • Avoid getting caught up in the illusion that "this is the way it is."

BLESSING IN DISGUISE

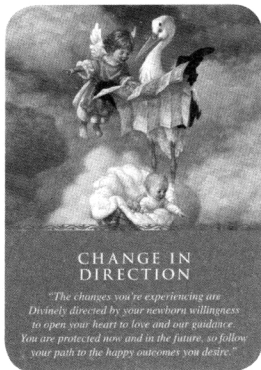

“What appears to be a problem is actually part of your answered prayer. You’ll understand the reasons behind your present situation as everything resolves. Trust in heaven’s protection and infinite wisdom to answer your prayer in the best way.”

The angels sent you this card to help you recognize the blessing in the midst of an apparent challenge. What you’ve appeared to have lost needed to fall away, and will be replaced with

something better. Have no fear for your future, but continue praying and following the guidance that comes to you through repetitive feelings, thoughts, visions, and words.

Additional meanings for this card: One door closes, another one opens • The “how” is up to God with respect to the best way to answer prayers • Release the need to control and predict the outcome to this situation • Trust.

CHANGE IN DIRECTION

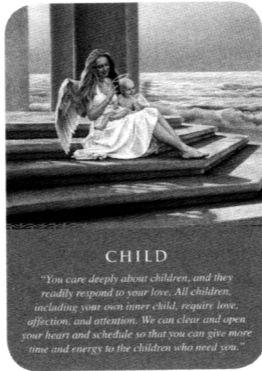

"The changes you're experiencing are Divinely directed by your newborn willingness to open your heart to love and our guidance. You are protected now and in the future, so follow your path to the happy outcomes you desire."

This card signifies that you've had a change of heart that has altered the direction of your life in a positive way. Your old ways of living no longer interest you, and you find yourself avoiding

friends and pastimes that previously attracted you. You desire a lifestyle and career that will better fit your new interests and passions. The angels are guiding you through this time of transition. The Law of Attraction insures that you'll manifest wonderful new opportunities and relationships.

Additional meanings for this card: You're starting a new phase of your life • The birth of a new project is in the works • Pregnancy, birth, or the adoption of a child is possible • A new element in your life is a blessing, even if it doesn't make sense right now.

CHILD

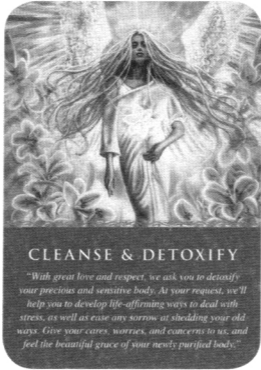

“You care deeply about children, and they readily respond to your love. All children, including your own inner child, require love, affection, and attention. We can clear and open your heart and schedule so that you can give more time and energy to the children who need you.”

This card signifies that a child is affecting some aspect of your question. This could be your own child, your desire for a child, a young family

member, or your present or future work in helping children. Have children been on your mind lately? If so, this card is proof that whatever you've been considering is valid. This includes spending more time with children, and looking into areas of employment related to young ones.

Additional meanings for this card: Your life purpose involves helping children • Be as a child • Pay attention to your inner child • A child in Heaven is saying, "I love you." • Pregnancy or adoption might be a part of your life.

CLEANSE & DETOXIFY

"With great love and respect, we ask you to detoxify your precious and sensitive body. At your request, we'll help you to develop life-affirming ways to deal with stress, as well as ease any sorrow at shedding your old ways. Give your cares, worries, and concerns to us, and feel the beautiful grace of your newly purified body."

This card signifies the angels' recommendation that you eliminate chemicals and toxins from

your body. Your sensitivity to drugs, food additives (including sugar), alcohol, caffeine, and nicotine has increased. These substances are interfering with your ability to hear your angels, so they ask you to avoid them. The angels will gladly help you with stress or cravings, if you will ask.

Additional meanings for this card: Use herbal means to cleanse, such as wheatgrass juice or psyllium seeds • Consult a holistic nutritionist • Call upon Archangel Raphael to reduce or eliminate cravings • Avoid toxic relationships or situations • Ask Archangel Michael to clear your body or home of any lower energies • Use gentle, Earth-friendly cleaning supplies.

CREATIVE PROJECT

"Your soul longs to express itself in creative ways. We're guiding you to infuse artistry and creativity into your life. Creative expression makes you feel alive and excited, and reignites passion toward your life."

CREATIVE PROJECT

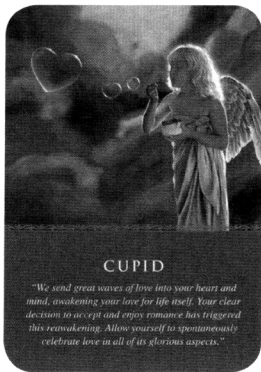

"Your soul longs to express itself in creative ways. We're guiding you to infuse artistry and creativity into your life. Creative expression makes you feel alive and excited, and reignites passion toward your life."

This card says that you need more avenues for creative expression. The angels are guiding you to look for such outlets at work and at home. For example, write, play music, make crafts, paint,

sew, or redecorate. It doesn't matter whether your artistry is market ready. What's important is that you allow your inner artist to enjoy freedom of expression.

Additional meanings for this card: Work on a meaningful project that you've been procrastinating about • Enroll in a creative class such as photography or dance • Your life purpose and a meaningful career will come to you through creative ways that are unimaginable right now, so don't worry about how or what your life purpose is. Just follow the path before you.

CUPID

"We send great waves of love into your heart and mind, awakening your love for life itself. Your clear decision to accept and enjoy romance has triggered this reawakening. Allow yourself to spontaneously celebrate love in all of its glorious aspects."

CUPID

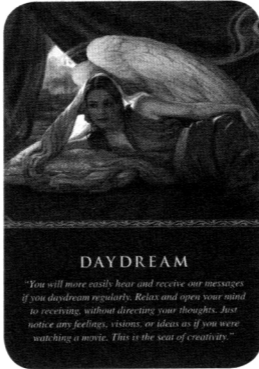

"We send great waves of love into your heart and mind, awakening your love for life itself. Your clear decision to accept and enjoy romance has triggered this reawakening. Allow yourself to spontaneously celebrate love in all of its glorious aspects."

This card comes to you because the angels see your desire for romance. Instead of fixing the externals in your love life, they assist you internally.

The angels say that romance springs from falling in love with life itself. When you let the angels awaken this love within you, you naturally attract and experience more romantic love in your relationships.

Additional meanings for this card: Surround yourself with romantic beauty such as roses and candles • Give any emotional hurt to the angels • Ask Archangel Michael to help you release any painful attachments to previous or current lovers • Clearly decide what you desire in your love life • Affirm: “It is safe for me to love and be loved.”

DAYDREAM

"You will more easily hear and receive our messages if you daydream regularly. Relax and open your mind to receiving, without directing your thoughts. Just notice any feelings, visions, or ideas as if you were watching a movie. This is the seat of creativity."

DAYDREAM

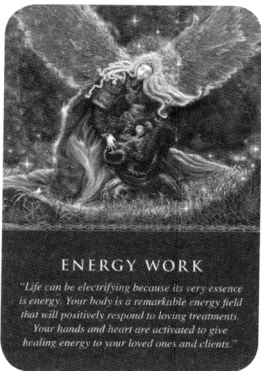

"You will more easily hear and receive our messages if you daydream regularly. Relax and open your mind to receiving, without directing your thoughts. Just notice any feelings, visions, or ideas as if you were watching a movie. This is the seat of creativity."

The angels sent you this card because they wish you to be open and receptive to new ideas. It's important for you to engage in daydreaming

now as a way to receive inspiration and wonderful ideas. Don't try to make anything happen. Just follow the trail of your thoughts naturally, as they flow into new ways of looking at things. Write your ideas in a special journal and ask your angels for guidance on which action steps to take to enact these dreams. Take action without delay where you're guided.

Additional meanings for this card: Be open to new possibilities • Allow yourself to dream big • Give yourself permission to relax and let go • Try something new that you've always wanted to do • Brainstorm with yourself or others for new ideas.

ENERGY WORK

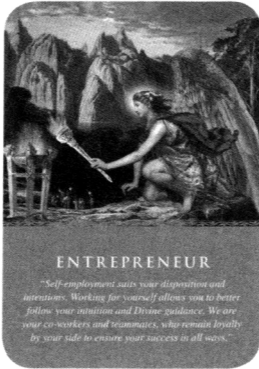

“Life can be electrifying because its very essence is energy. Your body is a remarkable energy field that will positively respond to loving treatments. Your hands and heart are activated to give healing energy to your loved ones and clients.”

You received this card because the angels say you would benefit from energy work, such as Reiki or Qi Gong. You can find a qualified practitioner by contacting your local metaphysical or holistic

health center. The angels suggest that you initiate a session where you'd receive an energy healing treatment. This card can also signify the angels' message that your life purpose involves giving energy healing work to others. If you have training in this respect (or you've been guided to seek such training), this card is a sign that you would excel in this area.

Additional meanings for this card: Clear the energy in your home or other environments • You're very sensitive to energy, so regularly clear yourself of any energy you may have absorbed • Shield yourself by visualizing yourself surrounded by protective white and purple light • Take courses on energy healing work.

ENTREPRENEUR

"Self-employment suits your disposition and intentions. Working for yourself allows you to better follow your intuition and Divine guidance. We are your co-workers and teammates, who remain loyally by your side to ensure your success in all ways."

ENTREPRENEUR

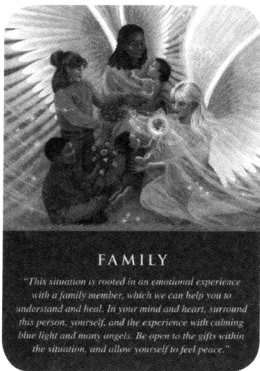

"Self-employment suits your disposition and intentions. Working for yourself allows you to better follow your intuition and Divine guidance. We are your co-workers and teammates, who remain loyally by your side to ensure your success in all ways."

This card comes to you because you're well suited to self-employment. You have the ideas, the drive, and the self-discipline required for

entrepreneurial work. Yet, self-doubts make you hesitate. The angels reassure you that you have what it takes to succeed as an entrepreneur. They will guide and support you along the way, and as long as you follow through on this action, your success is assured.

Additional meanings for this card: Your ideas for a business are sound • Ease out of your present job by moonlighting with your desired business idea • Take action as you're guided with respect to your career • Fully commit to succeeding in your new business.

FAMILY

"This situation is rooted in an emotional experience with a family member, which we can help you to understand and heal. In your mind and heart, surround this person, yourself, and the experience with calming blue light and many angels. Be open to the gifts within the situation, and allow yourself to feel peace."

FAMILY

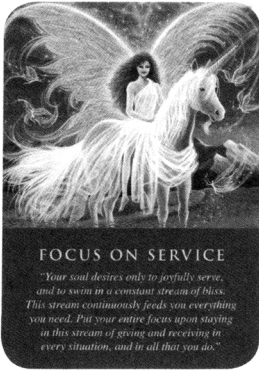

"This situation is rooted in an emotional experience with a family member, which we can help you to understand and heal. In your mind and heart, surround this person, yourself, and the experience with calming blue light and many angels. Be open to the gifts within the situation, and allow yourself to feel peace."

This card means that the question you asked about is related to a family issue. It could be that

some healing work is needed concerning one particular family member (it's the first person who comes to mind while reading this). Or this card might signal a need for more family togetherness, such as spending an evening or a holiday together. Your angels will guide you through this passage.

Additional meanings for this card: A new addition to your family is entering • You have friends who are like a second family to you • It's time to face old feelings so they can be released and cleared • Release an unwanted pattern by forgiving one or more family members (including yourself).

FOCUS ON SERVICE

“Your soul desires only to joyfully serve, and to swim in a constant stream of bliss. This stream continuously feeds you everything you need. Put your entire focus upon staying in this stream of giving and receiving in every situation, and in all that you do.”

This card comes to you because you’ve been worried about your life’s mission. Perhaps you’ve felt insecure about whether you’ll make enough

money, be successful, or be well received by others. Instead of concerns about what you'll receive or other people's reactions, focus solely upon how you can serve. Use your natural talents, passions, and interests to help others or some vital cause. Then, through the Law of Attraction, you'll receive all of the support you'll need.

Additional meanings for this card: Release money worries to God and the angels • Be receptive to inner Divine guidance and follow it without hesitation • If you get nervous, focus on service.

FRESH AIR

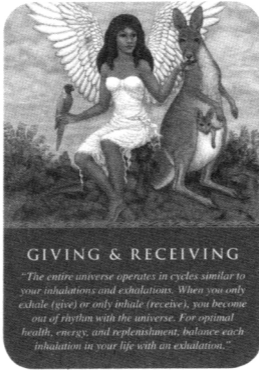

“Your body needs refreshment from oxygenated air generated by grass, trees, plants, and flowers. Spend time outside today, as near to Mother Nature’s cradle as possible. Open your curtains and windows to refresh your home as well.”

The angels sent this card to you because you need some fresh air. You’ve been indoors far too long, and your body and soul crave oxygen. Open the windows in your home and office to air them

out, then go outside yourself and breathe deeply. If you live in the city, make an escape to the country as soon as possible to breathe some much-needed fresh air. Keep plenty of live plants in your home and office to ensure the steady circulation of oxygen.

Additional meanings for this card: Exercise outdoors • Get some sunshine, or travel to a sunny environment • Spend time around trees or plants • Reconnect with nature • Bring some “fresh air” into a stale situation or relationship.

GIVING & RECEIVING

“The entire universe operates in cycles similar to your inhalations and exhalations. When you only exhale (give) or only inhale (receive), you become out of rhythm with the universe. For optimal health, energy, and replenishment, balance each inhalation in your life with an exhalation.”

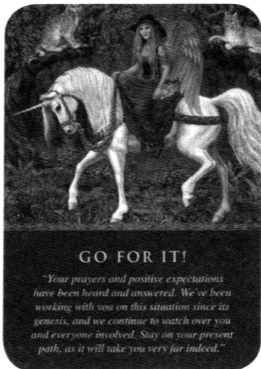

The angels sent this card to you because your giving-and-receiving ratio has been out of balance lately. If you’ve been giving much more than

receiving, you've likely been feeling that others are taking advantage of your kindness. If your imbalance is in receiving more than giving, you may have felt uneasy, depressed, or even guilty. While it's impossible to perfectly balance giving and receiving each day, you can strike a healthy balance. To do so, make sure to give something (like time, money, a gift, or compliments) on a daily basis without expecting anything in return. On the same day, be a gracious receiver to unexpected offers of help, compliments, or other gifts. Say "Thank you" without embarrassment or guilt. In relationships where you're the primary giver, express your needs and ask for help.

Additional meanings for this card: In your relationships, make sure you both give and receive

- The situation you're asking about requires balanced male and female energies
- To receive, first you must give
- Tithe whatever it is you need more of (time, money, items, and so on)
- Affirm: "I now receive good graciously into my life."

GO FOR IT!

"Your prayers and positive expectations have been heard and answered. We've been working with you on this situation since its genesis, and we continue to watch over you and everyone involved. Stay on your present path, as it will take you very far indeed."

You drew this card as encouragement for the situation you're asking about. The angels reassure

you of a positive outcome, provided you continue to pour love and guided action into the situation.

Additional meanings for this card: Don't hesitate; now is the right time • You're on the right path • The idea that you have is Divinely inspired • The angels foresee a successful outcome.

GROUND YOURSELF

"When you detach from awareness of your body and the physical world, you become ungrounded. Although it's pleasant to float heavenward, your attention and work are needed upon the earth. We're helping you balance the spiritual and material so that you can enjoy a fulfilling Earthly life."

GROUND YOURSELF

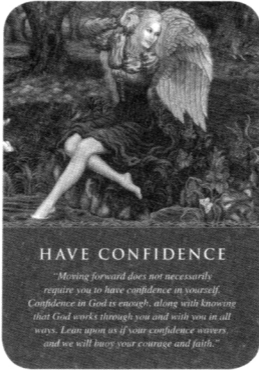

"When you detach from awareness of your body and the physical world, you become ungrounded. Although it's pleasant to float heavenward, your attention and work are needed upon the earth. We're helping you balance the spiritual and material so that you can enjoy a fulfilling Earthly life."

This card is a signal that your energy and attention need to be grounded. If you've been

feeling spacey, confused, or forgetful, this card speaks to the reason. “Ungroundedness” means that your attention is directed up too high—as if you’re not in your body. A balance is needed between a focus on spirit and a focus on Earth. You can ground yourself by walking barefoot on grass or soil, by eating foods from the ground like potatoes or carrots, by rubbing your bare feet, by touching a tree or plant, or by visualizing roots coming from the bottom of your feet into the earth. Grounding will help you to better concentrate and focus, and will also increase your connections to the angels.

Additional meanings for this card: Spend time gardening • Work with flower essences • Adjust your diet and other lifestyle habits so that they support your mental and physical awareness • Make sure the words you speak or write are practical, grounded, and understandable • Be down-to-earth and authentic in your relationships • Send love and light to Mother Earth.

HAVE CONFIDENCE

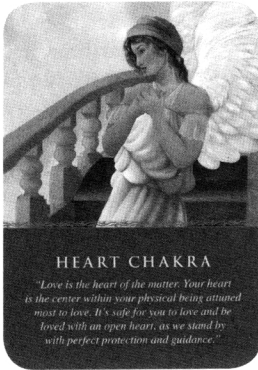

"Moving forward does not necessarily require you to have confidence in yourself. Confidence in God is enough, along with knowing that God works through you and with you in all ways. Lean upon us if your confidence wavers, and we will buoy your courage and faith."

This card is a message from your angels saying, "You can do it!" Trust that you have all the ingredients it takes to complete the mission that's

before you. Although you may not completely understand how you'll fulfill this task, have faith that you'll be continually guided. The more you can depersonalize this mission and know that it's not about you, the better. Don't listen to the voice that asks, "Who, me?" You are utterly worthy, since you're a perfect daughter or son of the Creator, and the angels surround you every step of the way.

Additional meanings for this card: Stay in the moment and focus on one step at a time • Give all worries or concerns to God and the angels • Ask the angels to increase your faith • Trust that God's love and wisdom are working through you.

HEART CHAKRA

“Love is the heart of the matter. Your heart is the center within your physical being attuned most to love. It’s safe for you to love and be loved with an open heart, as we stand by with perfect protection and guidance.”

The angels gave you this card because the answer to your question rests within your heart. The more that you open your heart, the more love, joy, and peace you’ll feel. You can open your heart

chakra by asking the angels to send their healing energy, by visualizing your heart surrounded by pink light, by inhaling the fragrance of pink roses, by holding or wearing rose quartz crystal, and by focusing on love.

Additional meanings for this card: Send light and love to your heart chakra • Take very good care of your cardiovascular health through exercise and healthy eating • A departed loved one who passed on from a heart condition is saying “Hello, I love you.” • Have a heart-to-heart discussion.

INNOCENCE

"Beloved One, everyone is guiltless in truth, as no one can alter God's handiwork of perfection. Give us your feelings of heaviness so we can lighten your load. Give us any guilt, anger, or blame that may shroud your loving outlook. Enjoy the peace within your heart once more."

INNOCENCE

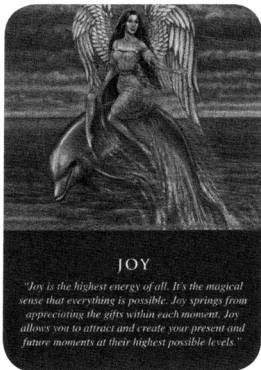

"Beloved One, everyone is guiltless in truth, as no one can alter God's handiwork of perfection. Give us your feelings of heaviness so we can lighten your load. Give us any guilt, anger, or blame that may shroud your loving outlook. Enjoy the peace within your heart once more."

This card comes as reassurance that this situation and the people involved are guiltless. If you've been harboring guilt, release it to the

angels. Of all the emotions, guilt has the lowest vibrations, so it attracts negativity. If you're judging others' guilt, this card reminds you to see the Godliness within them to heal the situation (you don't necessarily have to continue a relationship with anyone you distrust; however, it's necessary to purge toxic thoughts and emotions for your own well-being). The angels ask you to consider that any misunderstandings were an innocent mistake.

Additional meanings for this card: See the other's point of view • Forgive yourself and release regrets • An argument you have may be based on a misunderstanding • Honor the inner child within yourself and others • Look past surface illusions, and see the underlying spiritual truth of perfection and Divine order.

JOY

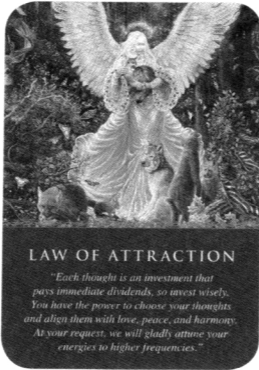

"Joy is the highest energy of all. It's the magical sense that everything is possible. Joy springs from appreciating the gifts within each moment. Joy allows you to attract and create your present and future moments at their highest possible levels."

You drew this card as a reminder that your power comes from staying centered in a feeling of joy. Ask your angels for guidance about any

changes you can make to bring more joy into your life and the lives of others. If you're feeling trapped or victimized in any way, the angels can ease your burdens. A joyful outlook brings the freedom you desire, while your responsibilities are simultaneously met.

Additional meanings for this card: Release or heal any parts of your life that aren't joyful • The answer to your question involves choosing the route that brings you the most joy • Release fears while manifesting, and instead focus on feeling the joy as if your desire were already a reality.

LAW OF ATTRACTION

"Each thought is an investment that pays immediate dividends, so invest wisely. You have the power to choose your thoughts and align them with love, peace, and harmony. At your request, we will gladly attune your energies to higher frequencies."

LAW OF ATTRACTION

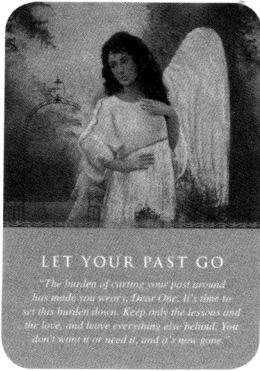

"Each thought is an investment that pays immediate dividends, so invest wisely. You have the power to choose your thoughts and align them with love, peace, and harmony. At your request, we will gladly attune your energies to higher frequencies."

The angels gave you this card as a reminder that the Law of Attraction can help you improve the situation you're inquiring about. Complaints

and worry only attract more of the same, so elevate your thoughts (with the help of the angels) to attract what you desire. Several times a day, imagine that the situation was presently healed and perfectly manifested. Feel gratitude that it is already so in Spirit, which is the first part of attracting the material aspects of the situation.

Additional meanings for this card: Think about your desires, and avoid worrying or complaining • Rise up to the level of the type of person you wish to attract • As your spiritual energy increases, you'll find yourself less attracted to lower energies in relationships and situations. This is normal, and the angels can help you deal with these endings and beginnings.

LET YOUR PAST GO

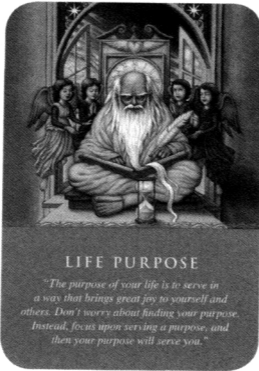

"The burden of carting your past around has made you weary, Dear One. It's time to set this burden down. Keep only the lessons and the love, and leave everything else behind. You don't want it or need it, and it's now gone."

You received this card because your thoughts and feelings about the past are holding you back. You're repeating a pattern because of unfinished emotions from your past. This card is a sign to

forgive and move on, to stop painful patterns. It doesn't mean that you need to be with the person you've forgiven. It simply means that you've let toxic feelings go in exchange for peace.

Additional meanings for this card: Approach a new situation or relationship with positive expectations • Avoid routines • Speak to a counselor or support group • Forgive those who've hurt you • Forgive yourself • The worst is now behind you • Keep your thoughts about this situation high and bright.

LIFE PURPOSE

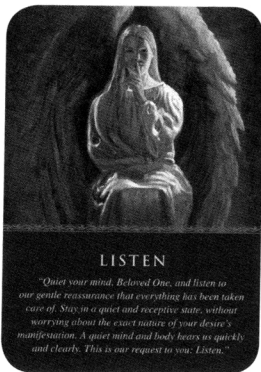

“The purpose of your life is to serve in a way that brings great joy to yourself and others. Don’t worry about finding your purpose. Instead, focus upon serving a purpose, and then your purpose will serve you.”

This card comes as a reminder that you needn’t struggle to find your life purpose. Don’t worry about how to make good money in a meaningful career. Don’t concern yourself with quitting

or starting jobs or professions. Instead, follow the path of your natural desires, talents, and passions with the full intention of bringing joy to yourself and others. Your life purpose doesn't need to be defined or pinpointed. It's a process, not a category.

Additional meanings for this card: Give all worries about money or career to God and the angels • You're on the right path toward your life's purpose • Focus on one step at a time with respect to your life's purpose, and release fears about the future to the angels • What you're doing right now is part of your life's purpose.

LISTEN

“Quiet your mind, Beloved One, and listen to our gentle reassurance that everything has been taken care of. Stay in a quiet and receptive state, without worrying about the exact nature of your desire’s manifestation. A quiet mind and body hears us quickly and clearly. This is our request to you: Listen.”

You received this card because the angels wish to get their messages through to you. They

ask that you talk less and listen more. (When we're stressed, we tend to chatter out of nervousness.) Give your worries to the angels, and trust that they've heard your prayers. If it seems they're not answering your prayers, it's probably because you're not listening to their answers. So, retreat to a quiet place with the intention of listening to your angels. Then close your eyes, breathe deeply . . . and listen.

Additional meanings for this card: Avoid noisy environments • You've been hearing your angels correctly • Turn off the television or radio • Your hearing is becoming more sensitive because you've been tuning in to the angels • Clear your ear chakras by visualizing light clearing the area above each eyebrow.

NEW PARTNER

“A chance meeting is no mistake. It is Divinely orchestrated as a catalyst to set the wheels in motion for the fruition of your prayers. Pay careful attention to new people we send into your life. You will recognize them by your sense of familiarity, comfort, and safety.”

The angels have given you this card as a signal that someone new has (or is about to) enter your life as an answer to your prayers. This person

will be a partner in a business, friendship, or romantic sense. Don't go looking for him or her, as it will happen very naturally. When you meet this individual, be open to Divine guidance, which will direct you both in loving and magical ways.

Additional meanings for this card: You've met (or soon will meet) your soul mate • Allow other people to help you, instead of trying to do things alone • Consult an expert • Your prayer is being answered through other people • A new pet is coming into your life.

NOTICE THE SIGNS

"Yes, the signs you've been receiving are heaven-sent. We drop feathers, coins, and other signs upon your path to remind you that you're loved and never alone."

NOTICE THE SIGNS

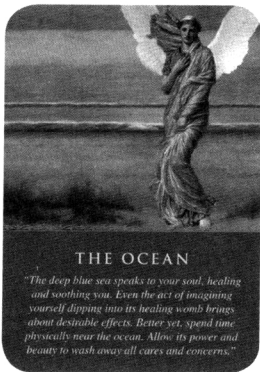

"Yes, the signs you've been receiving are heaven-sent. We drop feathers, coins, and other signs upon your path to remind you that you're loved and never alone."

The angels gave you this card to help you understand the signs you've been receiving lately. These signs may include feathers, coins, butterflies, birds, or other repetitive visions that make you think of the angels, who have deliberately

sent you these signs to let you know that they're nearby—protecting, loving, and guiding you.

Additional meanings for this card: Your departed loved ones in heaven are saying, “Hello! I love you!” • Notice and believe in the repetitive signs you receive as validation that you're on the right path • Have faith • Follow the signs that are guiding you to your heart's desire.

THE OCEAN

"The deep blue sea speaks to your soul, healing and soothing you. Even the act of imagining yourself dipping into its healing womb brings about desirable effects. Better yet, spend time physically near the ocean. Allow its power and beauty to wash away all cares and concerns."

This card comes to you because of your connection with the ocean. It's a sign that you need to spend more time near the sea, perhaps during a

vacation or as a home base. The angels will help with this endeavor if you ask and allow them to. The ocean air and water inspires and heals you.

Additional meanings for this card: Take sea salt baths to detoxify • Drink more water • Connect with dolphins and other sea dwellers • You have an ocean-related past life • Learn a water sport such as diving, sailing, or snorkeling.

OPPORTUNITY TO FORGIVE

"This situation brings you the opportunity to heal, grow, and release negative patterns. Hold the intention of seeing the other person's inner Divine light and goodness. We will help you release unforgiving thoughts, feelings, and energies, and lift you to a higher place of peace and compassion."

OPPORTUNITY TO FORGIVE

"This situation brings you the opportunity to heal, grow, and release negative patterns. Hold the intention of seeing the other person's inner Divine light and goodness. We will help you release unforgiving thoughts, feelings, and energies, and lift you to a higher place of peace and compassion."

The angels sent you this card because they see that you've grown weary of a recurring negative pattern in your life. To break this cycle, it's

important for you to release old toxic thoughts about the current situation and relationship. You can do this by breathing deeply, and on each exhalation, giving your fears, worries, anger, and other painful emotions to the angels. Forgiveness doesn't mean that you are condoning the other person's behavior. It just means that you're unwilling to carry toxic feelings and thoughts about him or her. Release, be free, and experience positive patterns through forgiveness.

Additional meanings for this card: Avoid blaming yourself or others • As you release anger, a creative resolution to this situation will appear • There are hidden blessings in this relationship and situation • Focus upon desires instead of fears or judgments.

PERFECT TIMING

"Now is the perfect moment for you to act on your inspirations. The doors are open, while you walk through them with us by your side. Don't delay or procrastinate, as all of the ingredients are ripe for your success. Everything and everyone is on your side, supporting your positive outcome."

This card means that you need to take certain steps before your prayer can be fully answered.

The angels say that now is the perfect time to act. They will guide you along the way. Sometimes it's not so important how we approach a situation, but that we put energy, action, and intention into manifesting what we desire. Once we take the first step in the direction of our desired outcome, the universe then gives us additional help.

Additional meanings for this card: Take action now • The situation will work out well provided that you don't delay • Make a decision • Any blocks in the past were because the timing wasn't yet right.

PLAY

"Beloved One, it's time to set aside work for a while. Don't worry; we will oversee your responsibilities to their completion. Playfulness, gaiety, and laughter will lift your energy so that you'll return to work with a renewed perspective and heightened energy."

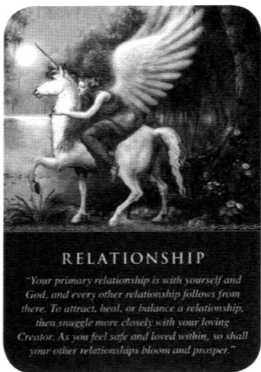

The angels see that you need to play, so they sent you this card. You've been working and worrying a lot lately, and your soul cries out for fun.

Feelings of fatigue, irritability, or depression are additional signs that you're overdue for some playtime. You don't need to wait until you have a free moment, because you can inject fun into your day today. Simple pleasures, moments of silliness, laughing with a friend, or watching a funny movie are examples of ways to have fun that don't require a lot of time or money. Fun and play are necessary parts of life for children and adults. These types of activities help us live healthier lives, and allow us to attain our desires more quickly. Fun is part of living a balanced life.

Additional meanings for this card: Stop what you're doing and go have fun right now • Release any guilt about having fun to the angels

- You deserve happiness, pleasure, and enjoyment
- Make sure that your recreational activities are purely fun and noncompetitive.

RELATIONSHIP

"Your primary relationship is with yourself and God, and every other relationship follows from there. To attract, heal, or balance a relationship, then snuggle more closely with your loving Creator. As you feel safe and loved within, so shall your other relationships bloom and prosper."

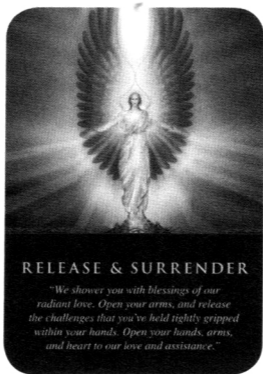

This card signals that you're entering a more positive phase in your relationships. As the picture on the card shows, you're now out of the forest and

entering an area filled with light and beauty. Like the angel portrayed on the card, you just need to hang on a little while longer.

Additional meanings for this card: The answer to your question lies within your relationship

- Trust your feelings about your current relationship, and act accordingly
- The angels are helping you manifest a wonderful new relationship
- Send light, love, and angels to your present relationship
- A positive transition is occurring in a current relationship (which could include a healthy ending).

RELEASE & SURRENDER

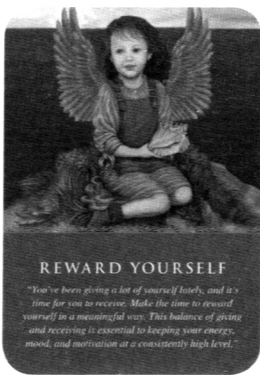

"We shower you with blessings of our radiant love. Open your arms, and release the challenges that you've held tightly gripped within your hands. Open your hands, arms, and heart to our love and assistance."

The angels bring this card to you because you've been trying to fix this situation single-handedly. They'd love to help you and answer your prayers, but first you need to surrender and

release the situation. Surrender simply means that you're tired of struggling. It means emotionally letting go, with faith that the Divine wisdom of Spirit (which includes your higher self) can do a better job. Surrender doesn't mean that you're giving up or that you want to be controlled. Through surrender, you'll be assured of a better outcome. If you need help with surrender, ask the angels to assist you.

Additional meanings for this card: Don't worry about how your prayer will be answered. Let God figure out the details • Be willing to ask for help • Release tension and the need to control, and things will go better • Avoid power struggles in your relationship. Simply own your power and you won't have to fight for it.

REWARD YOURSELF

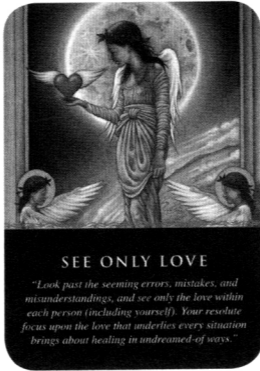

“You’ve been giving a lot of yourself lately, and it’s time for you to receive. Make the time to reward yourself in a meaningful way. This balance of giving and receiving is essential to keeping your energy, mood, and motivation at a consistently high level.”

You drew this card because it’s time to reward yourself for all of your hard work. Everyone needs rewards, and you’re no exception. A treat will

boost your energy, mood, and motivation. Invest in yourself and make time for self-care today. Give yourself a much-desired item, trip, or service, and notice how your inner child blooms with joy from this loving attention.

Additional meanings for this card: Take the day off from work today • Splurge on a treat for yourself • Balance giving with receiving • Make sure that you're allowing yourself to receive • Appreciate all that you've done.

SEE ONLY LOVE

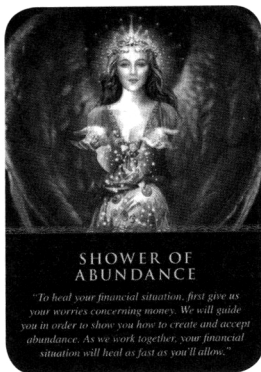

"Look past the seeming errors, mistakes, and misunderstandings, and see only the love within each person (including yourself). Your resolute focus upon the love that underlies every situation brings about healing in undreamed-of ways."

The angels gave you this card as a reminder to see yourself, others, and every situation through their eyes. When you focus on love, anything that's unloving falls away. It's like turning on a

light to diminish the previous darkness. Call upon the angels whenever you need help to elevate your vision to a more loving vantage point.

Additional meanings for this card: Look past the personalities and egos of others, and see the angel within them (the angels can help you with this if it seems difficult) • Forgive • Release anger, hurt, or judgments to the angels • Affirm what you desire, instead of what you fear.

SHOWER OF ABUNDANCE

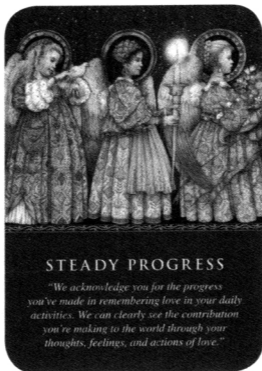

"To heal your financial situation, first give us your worries concerning money. We will guide you in order to show you how to create and accept abundance. As we work together, your financial situation will heal as fast as you'll allow."

This card is a sign that your prayers about finances have been heard and answered. The more you can listen to and follow your gut feelings right

now, the quicker you'll experience improvements in your financial situation.

Additional meanings for this card: The coins that you're finding lately are loving signs from your angels and departed loved ones • An unexpected financial windfall is coming to you • Give any financial fears to your angels • Follow any guidance you receive, as it could be an answered prayer about your finances • Abundance can take many forms, including having more time, opportunities, or clear ideas.

STEADY PROGRESS

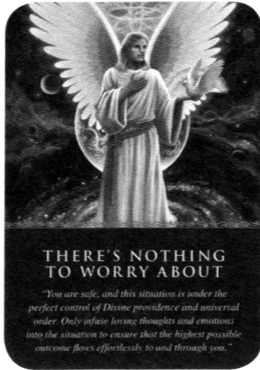

“We acknowledge you for the progress you’ve made in remembering love in your daily activities. We can clearly see the contribution you’re making to the world through your thoughts, feelings, and actions of love.”

You drew this card as reassurance that you’re making steady progress. You sometimes harshly compare yourself to others, and feel that you should be farther ahead on your path by now. Yet

look how far you've come, how many lessons you've learned, and how many people you've helped! Focus on your progress, instead of expecting perfection from yourself. Each day, take at least one small action step concerning a project that you're passionate about.

Additional meanings for this card: You're on the right path, even if it feels that you're moving slowly • Praise the light instead of cursing the darkness • Appreciate yourself.

THERE'S NOTHING TO WORRY ABOUT

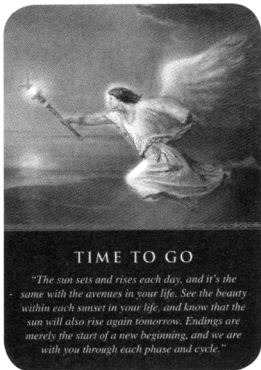

"You are safe, and this situation is under the perfect control of Divine providence and universal order. Only infuse loving thoughts and emotions into the situation to ensure that the highest possible outcome flows effortlessly to and through you."

The angels send this card to you because you've been needlessly worrying. Worry is a form of prayer that draws to you that which you do not

desire. Release your worries to your angels, as there truly is nothing to worry about. In fact, your worries could create a self-fulfilling prophecy.

Additional meanings for this card: Everything's much better than you imagine • Ask the angels to release you from worry • A happy outcome is inevitable • Avoid worrying, lest the negative emotions pull you and the situation down • The angels are with you, and everything's okay.

TIME TO GO

"The sun sets and rises each day, and it's the same with the avenues in your life. See the beauty within each sunset in your life, and know that the sun will also rise again tomorrow. Endings are merely the start of a new beginning, and we are with you through each phase and cycle."

TIME TO GO

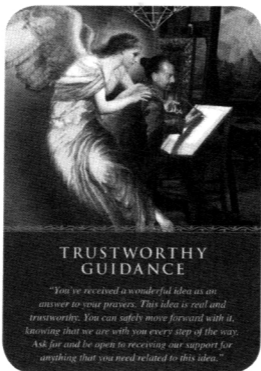

"The sun sets and rises each day, and it's the same with the avenues in your life. See the beauty within each sunset in your life, and know that the sun will also rise again tomorrow. Endings are merely the start of a new beginning, and we are with you through each phase and cycle."

The angels bring you this card to help you admit to yourself that it's time to leave. You already know the situation they're referring to.

You've hesitated leaving because of loyalties and fears, yet the angels assure you that it's the best way. Work very closely with your angels during this transition to ensure its harmony for everyone concerned. Surrender any guilt or other negative emotions to heaven, as your energy needs to stay high right now.

Additional meanings for this card: Completion and the end of a cycle are at hand • The purpose has been served in this relationship or situation • Surrender and release • Call upon Archangel Azrael for help with grieving, and Archangel Michael for help with courage.

TRUSTWORTHY GUIDANCE

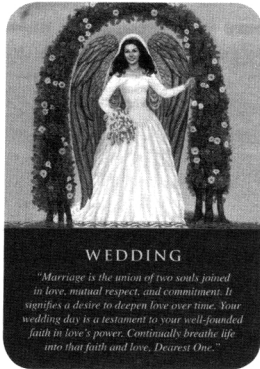

“You’ve received a wonderful idea as an answer to your prayers. This idea is real and trustworthy. You can safely move forward with it, knowing that we are with you every step of the way. Ask for and be open to receiving our support for anything that you need related to this idea.”

The angels gave you this card because they want you to believe in your ideas, which are answers to your prayers, and you can trust them.

You'll be supported as you move forward to put your ideas into action, as long as you check in with your angels regularly for continued guidance. If you ever feel vulnerable, ask your angels to reassure you with emotional, spiritual, and material comfort.

Additional meanings for this card: Don't worry about the details, as they'll take care of themselves as you go along. • Go for it! • Your idea is valid and Divinely inspired • You're safe to make changes and move forward.

WEDDING

“Marriage is the union of two souls joined in love, mutual respect, and commitment. It signifies a desire to deepen love over time. Your wedding day is a testament to your well-founded faith in love’s power. Continually breathe life into that faith and love, Dearest One.”

WEDDING

“Marriage is the union of two souls joined in love, mutual respect, and commitment. It signifies a desire to deepen love over time. Your wedding day is a testament to your well-founded faith in love’s power. Continually breathe life into that faith and love, Dearest One.”

You received this card because the topic of marriage is related to your question. There’s either a wedding in your near future, or the angels

are suggesting a renewal of vows to keep romance alive in your present marriage. This card is surrounded with love and positive energy, so there's no need to worry about its message. Be open to love, romance, and possibilities, and enjoy your wedding day!

Additional meanings for this card: You'll receive a romantic or business proposal soon • You're experiencing a "mystical marriage" between your inner male and female energies • You'll meet someone significant at a wedding you attend as a guest • Discuss the topic of marriage with your boyfriend or girlfriend • You'll soon meet your future marital partner • One of your friends or family members will marry soon.

WHAT DO YOU DESIRE?

"You now have the opportunity to write the script according to your heart's true desires. Once you clearly decide upon your true desires and know that you're ready and deserving of them, they'll rush into your life as if by magic."

WHAT DO YOU DESIRE?

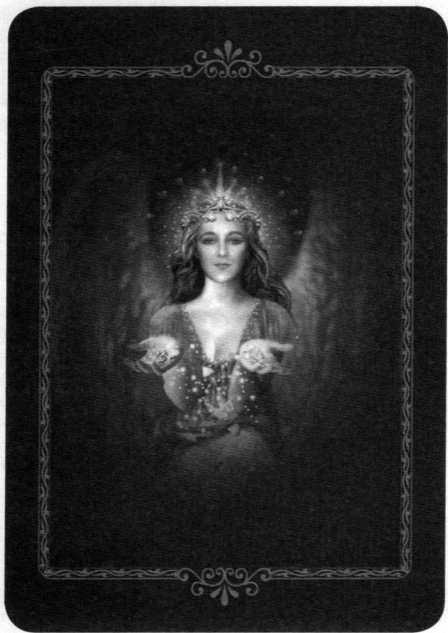

"You now have the opportunity to write the script according to your heart's true desires. Once you clearly decide upon your true desires and know that you're ready and deserving of them, they'll rush into your life as if by magic."

This card comes to you because you've been waiting for external signs of what you should do next. The angels say that the answer comes from inside of you. You must decide what you want

before anything can change. Carve out time to meditate upon your true heart's desires, and know that you deserve the best, as we all do.

Additional meanings for this card: Use affirmations and positive visualizations to manifest your desire • Clarify your desires • Release any guilt or fear regarding asking for what you want.

Artwork by Steve A. Roberts

Card Names: *Energy Work, Law of Attraction*

An artist of vision and technique, Steve A. Roberts is entirely self-taught. This he did by studying the works of his childhood heroes—legendary fantasy artists such as Frank Frazetta and The Brothers Hildebrandt. Steve received his only formal training when he sat in on classes at the Ringling School of Art. He was born in central Florida, in a little town called Palmetto, a stone’s throw from the Gulf of Mexico. He began drawing, like most artists, as a young child. Later he spent 12 years in Alaska, a place that had always stirred in his imagination. In that time, Steve drove a taxi in Anchorage, worked construction, built a log cabin on 40 acres, and painted the wonders of this fairy-tale land. His work was starting to receive more and more attention. Returning to Florida, Steve started his company, Fantasy Graphics. Steve is now being recognized as one of the most talented new artists in the field of fantasy illustration.

Artwork by Kevin Roeckl

Card Names: *Ask, Blessing in Disguise,
Child, Cupid, New Partner, Play*

Born in 1957, Roeckl's art education came from his father, an art collector and talented amateur artist. At age 18, Kevin landed a position with a graphic design firm in Southern California, but his unquenchable thirst for creativity soon led Roeckl into the world of fine art, and his one-man gallery shows proved to be very popular.

Sensitive and psychic, Roeckl has been involved in a life-long search for spiritual wisdom. In 1983, he migrated to the remote coasts of the Pacific Northwest. There, solitude and the dramatic natural beauty allowed full access to his inner vision. Through meditation, Roeckl strives to let the Source of creativity flow through him and onto the paper. "Images of angels embody our connection with Spirit," Kevin points out.

In 1995, Roeckl was approached by a major giftware company to create artwork for two collector-plate series. Roeckl images have been licensed for use on greeting cards, journals, jewelry boxes, votive candle holders, needlepoint kits, and other giftware.

After two decades showing his original paintings in West Coast galleries, Roeckl now concentrates on private commissions. He specializes in photo-realistic portraiture that captures the soul and essence of the individual. Prints and notecards of Kevin's work are available on his Website. He welcomes inquiries about original paintings.

Artwork by Carolyn Utigard Thomas

Card Names: *Innocence, Perfect Timing*

Carolyn Utigard Thomas is a contemporary artist working primarily in watercolor. Her paintings are adventures of the spirit and landscapes of the mind. Carolyn was born in Chicago, grew up in St. Paul and Indianapolis, and graduated magna cum laude from the University of Cincinnati, with a BFA, as well as a B.S. in education.

Her varied career has taken her from designing for Hallmark in Kansas City, to working for Astroworld in Houston—designing and painting everything from posters and murals to stage sets. Carolyn then had a commercial art business, creating logos, advertising illustrations, and wall graphics.

In 1978, she began painting full-time in watercolors. She has won many awards for her work, which is displayed in public

and private collections throughout the world.

In most of her work, one is led into the painting by soft colors overlaid by geometric veils. A dreamy feeling of fluctuating space is created. Whatever subject she explores—from angels and plant forms to pure design—Carolyn attributes much of her inspiration to feelings obtained during meditation, which she's practiced for many years. Physical and spiritual worlds imaginatively merge in her art of mystery, fantasy, and vision.

Artwork by John Philip Wagner

Card Names: Life Purpose, See Only Love

John Philip Wagner, master artist, craftsman, and entertainer, is widely recognized for his paintings, which are in art collections worldwide. As a child, he plastered the walls of his elementary school with paintings of Egyptian pyramids and Roman ships, and in later years, studied theater arts as well as painting, sculpture, and printmaking. His residence in New Mexico led to many works of Native American and Southwestern art. While living in Santa Fe, he created the first version of the puppet theater now known as the "Wagner Marionettes" (wagnermarionettes.com). Prints of his work can be purchased at www.deamstone.com.au, and art cards at milkandhoneyinc.com. Currently, when not painting, he spends his time entertaining children with his little players on string and travels the Eastern states with his mobile theater. His latest paintings of angels, fairies, Egyptian fantasy, and Southwestern art can be found on his Website.

John says, "I believe the beauty of an object or idea, when shared with others and sent out into the world, is increased by degrees becoming a kind of mutual celebration with the artist, a sort of master of ceremonies."
